KIMPTON NEWS

Congratulations to all students on a fantastic and memorable Kimpton Night Band performance!

I am extremely proud of the students' accomplishments. Their hard work and dedication to excellence was seen during the parade and the pregame performance! It was truly amazing to watch 420 students marching in the parade and it was an honor to conduct these students during pregame. NICE JOB!

I would also like to thank Angelique Kline for organizing and arranging the hot dog dinner for the students. Thank you to all the parents who baked cookies there were certainly plenty to go around. This evening would not have gone as smoothly without your support and help. THANK YOU!

SEVENTH GRADE CHAIR PLACEMENT AUDITIONS AND WINTER CONCERT

Auditions for chair placement are now complete. In regard to auditions, there may be one round of challenges after our December concert. Students who are not pleased with their chair placement have the opportunity to move up the section by playing a piece of music better than the person who is in front of them. Students will be made aware of their challenge piece one week in advance of their challenge. Students will play one on one with a director or a recorder. The chair placement test was the students playing grade for the first nine weeks.

All energies are now focused towards our first concert performance of the year, Wednesday, November 28 at 7:30 PM in the Kimpton Gym. As usual, ALL CONCERTS ARE MANDATORY FOR ALL STUDENTS. Per the handbook, ALL students will be wearing black bottoms and black tops, boys with ties. The jazz band will NOT be performing at this concert. Students will be bringing home specific information regarding arrival time, duties, etc... for this concert before Thanksgiving.

KIMPTON NEWS

DAILY PRACTICE AND INSTRUMENT/MOUTHPIECE UPGRADING

All students should be taking their instruments home to practice on Monday, Wednesday and Friday unless other arrangements have been made with Mrs. Sandman. Participation points will be taken from the student grades if instruments are left in the storage room on these days. Students should practice at least 20 minutes a day 5 days a week. It is important that students practice at home to improve their skills, and to improve the music that we are preparing for the concert.

For three to four years, your student has worked to develop their skills on a musical instrument. As they continue at middle school and look ahead to high school, now is a great time to consider purchasing a step-up instrument. There are several reasons to think about a new instrument. First, marching band is hard on instruments. The daily use in the elements can cause an instrument to show signs of wear much faster than when were just used in concert band. A new horn would allow your student to use their beginning instrument for marching band and their new step-up instrument for concert band. Secondly, many beginning level instruments inhibit the student's ability to produce a more mature sound since student-line instruments are generally slightly smaller in construction than intermediate or advanced models. Most of the instruments your child started on are considered beginning level instruments. These are generally smaller in bore size (the inside diameter of the tubing) and utilize cheaper materials. Step-up instruments are larger in bore and feature additional keys or valves which permit easier playing in the high ranges often found in middle school and high school level band music. In the case of clarinets, they are made from wood, producing a warmer, richer sound. Advanced level instruments feature handmade or near handmade construction and adjustment. Many intermediate instruments are very similar to advanced or professional models but have only minor cosmetic and/or slight structural differences.

The bottom line is, your child is no longer a beginner and they should not be playing on a beginning level instrument. Please feel free to visit the band website and investigate our instrument upgrade suggestions. Contact a director if you have specific questions.

KIMPTON NEWS

JAZZ BAND

Students who play trumpet, trombone or saxophone have received information regarding jazz band if their chair placement audition met the necessary criteria. Rhythm section auditions occurred on Monday, October 29th after school. We kicked off our first rehearsal on Wednesday, October 31st from 3:10 to 4:30. Looking forward to a great season!

COLOR INSTRUMENTS

In our efforts to equalize the instrumentation of the bands, I have asked several students to consider a “color instrument.” Color instruments are instruments that are generally too expensive to purchase, and are therefore owned by the band program. Students who have agreed to switch to a color instrument have been receiving a private or group lesson with a director with a goal of a smooth transition back into concert band.

Please do not hesitate to contact me in regard to this newsletter, your student or the Kimpton Band program. I can be reached via email: st_sandman@smfcsd.org . I look forward to seeing you soon.

Musically,
Mrs. Sandman

FROM THE HIGH SCHOOL
